Terms and conditions and cost implications may apply. Our terms can be found at www.globaltelemetrics.eu/terms. If you require a copy of the terms and conditions please contact customer services on 0845 833 6971. All operations are dependent upon vehicle usage, a suitably charged vehicle battery, GPRS/GSM coverage, internet connections and product capabilities.

Product specification and information correct at the time of press.

Free Android/Apple Global Telemetrics app for use with all the devices within this brochure

All SmarTrack Stolen Vehicle Tracking devices are tested to Thatcham TQA standard. They operate using GPS/GLONASS, GPRS and GSM technology, supporting two internal aerials and a three axis motion sensor. Having an in-built battery back-up the device has the ability to remain operational even when the vehicle's power supply is removed.

Subscription - Once the subscription is purchased, the device becomes fully monitored by the Global Telemetrics Secure Control Centre. Subscription payment can be taken by credit/debit card or by setting up a monthly Direct Debit contract.

Monitoring - Global Telemetrics SCC monitors your vehicle's status for you 24 hours a day and 365 days of the year. A member of staff will call you if your vehicle is 'illegally' moved (without the vehicle ignition being used) or if the battery is disconnected.

Thatcham Category 5 with online account and app

SmarTrack offer a choice of Driver Recognition systems. You can choose between the Pro DRS and the DRST (Request at ordering).

- **SmarTrack Category 5 Pro DRS** - Driver Recognition System tag that you can carry in your pocket and communicates automatically with the device.
- **SmarTrack Category 5 DRST** - Driver Recognition System Transponder uses a card which you present to a hidden antenna before driving.
